The maps, geographic and property information (collectively referred to as 'Data') you are about to access, is made available as a matter of public information service. The City of Norfolk has made every reasonable effort to assure that the Data is correct. However, all information is provided "as is" and MAKES NO EXPRESS OR IMPLIED WARRANTIES RELATED TO THE DATA INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. USER ACCEPTS ALL RISKS THAT DATA MAY NOT ACCOMPLISH ANY EXPECTATIONS OF THE USER.

The City does not guarantee the positional or thematic accuracy of the Data. Any determination of topography, contours, or any depiction of physical improvements, property lines, or boundaries are solely for general information. They shall not be used, or relied upon, in the description, modification, or construction of improvements to real property or for resource protection area or flood plain determination. The Data is not a legal representation of information depicted and as such, has no legal bearing on the true shape, size, area, location, or existence of the real property depicted. The Data should not be a substitute for a professional survey or deed research. Users of this site are encouraged to consult the legal documents used in the creation of the Data.

The City of Norfolk does not assume any responsibility for any errors, deficiencies, defects, omissions, or inaccuracies in the Data. The City of Norfolk shall not be liable to the user, or to any other person, for any actions; claims; direct, incidental, consequential, or special damages – including loss of facilities (computer resources, stored data), lost profits, business interruption, loss of business information or other pecuniary loss; or judgments arising out of, or in connection with, the use or misuse, reliance on, or performance of, Data.

**The user of this information assumes all liability for the dependence on any Data obtained.**

This web site displays aerial photography images obtained in different years which have been captured utilizing different methods. At the same time, vector map layers have been created and maintained separate from the aerial photography. As such, there may be areas where the map layers do not align precisely with the aerial imagery.

**The Data displayed on this web site is for information purposes only.**
